## Data

- Kaggle Dataset
- based on questions and answers

The screenshot shows the Kaggle dataset page for 'Dataset for chatbot' by Graf Stor, updated 3 years ago. The page has a header with a user profile, the dataset name, and a 'Download (61 kB)' button. The main content area has a title 'Dataset for chatbot' and a subtitle 'Simple questions and answers'. Below this is a section 'About Dataset' with a 'Context' paragraph and a 'Content' paragraph. The 'Content' paragraph describes the dataset structure. At the bottom, there is a sample of the dataset content showing a dialogue between two people.

**Dataset for chatbot**

Simple questions and answers

**About Dataset**

**Context**

I tried to find the simple dataset for a chat bot (seq2seq). Then I decided to compose it myself. It is based on a website with simple dialogues for beginners.

**Content**

First column is questions, second is answers.

hi, how are you doing? i'm fine. how about yourself?  
i'm fine. how about yourself? i'm pretty good. thanks for asking.  
i'm pretty good. thanks for asking. no problem. so how have you been?  
no problem. so how have you been? i've been great. what about you?
